Dear Union Organisation,

Brothers/Sisters

You may not know but the CWU are holding their 2nd day of strike action on Saturday 4th June involving our members who work in the Post Office Crown Offices what has been a disgraceful pay offer, last year our members received no rise what's so ever and this year we have had a 2.5% pay rise so in effect what has been offered is a 2.5% pay rise to cover a 2 years period when as you will be aware RPI is running at 11% so what our members have been offered is a wage cut, it should also be noted that the Crown Offices are still publicly owned.

Our members worked through the pandemic dealing with a huge increase in packets to be processed, it also should be noted many of our members a part time and low paid workers and the cost of living crisis has put huge impact on to them with many struggling to make ends meat and this is at a time Post Offices Counters management seem to being going from one crisis to another as we have all seen the Horizon scandal.

Our members will be on strike this Saturday the CWU Scotland No.2 branch has called a picket line/protest outside Waverley Market where the largest office in the area between 11am- 2pm and are asking for trade unionists to come along and show their solidarity as we are sure we all recognise that many of us will be facing similar action in the coming period and solidarity will be key to all our battles ahead

Hope to see you there.

Yours in Solidarity

Gary Clark
