

Help shape our LGBT+ experience

We're here to help, support and represent you – but the greatest experience comes from joining our **LGBT+ self-organised group** – or SOG. Here LGBT+ people from across Edinburgh, come together to share experiences - support and inspire each other – and say what future we want e.g., where:

- Discrimination is the exception
- We easily access the services we need
- Our voice fully influences how we work - and what services we offer

This is your group – we'll support you – and you'll influence UNISON LGBT+ priorities and actions. You'll determine your own the agenda – and how the group grows and develops.

Ally?

We also want to organise with LGBT+ allies – friends, family, and colleagues of LGBT+ people – and those who want to learn and do something about LGBT+ experience and ongoing discrimination.

So, what do you think? Please email or call me eg:

- What do you need?
- What do you offer?
- How would you like to be involved?

Get involved from start – and who else do you think might be interested...

Don Naismith (he/him)

LGBT+ Officer, UNISON City of Edinburgh Branch
