

Happy International Women's Day

UNISON salutes you for everything you do for our Public Services and those who use them.

UNISON recognises all the hard work you do, day in day throughout the year, not just today. And as 70% of our membership UNISON really appreciates you, whether you work in Social Care, in Educational Support or serving the general public, within the Council, the Care Sector, or in the Community & Voluntary Sector and at home. We know none of it would work without your dedication and effort.

Our Zero Tolerance to Workplace Violence Campaign continues as we fight for safe working conditions for all our members, but we need more help. We need shop stewards in each and every work place. So that your union can be more representative of our membership, UNISON especially encourages women members to stand as stewards and become more involved in your branch. All you need to do is be nominated by two UNISON members in your workplace and we will arrange full *training*.

**Contact the branch office for a nomination form on
0131 558 7488 option 2 or email: branchoffice@unison-edinburgh.org.uk
or you can click on link below for full instructions and a form:
